ATLAS

SEA FOOD LIMITED

PROCESSOR & EXPORTER OF THE BEST QUALITY SHRIMPS & FISHES

Khulna, Bangladesh
Bangladesh Approval No. KLN-77
USFDA REGISTRATION NO. 10239753748

ATLAS SEA FOOD LIMITED

ATLAS SEA FOOD LIMITED is a 100% export oriented shrimp and fish processing industry in Bangladesh established in March, 2003 as a private limited company. The company is situated in the largest shrimp farming zone of Bangladesh under district of Khulna. It is only 45 k.m. away from both shrimp/fish farming area and the port of Mongla.

The processing plant is well equipped with most modern machineries and equipments with adequate facilities of processing. The plant is built in conformity to European Union and US FDA regulation to meet the highest standard of customer's demands on quality and hygiene.

The concept of HACCP is implemented in each and every step of processing. Sufficient space is provided to escape from all sorts of Hazard in every production line. All products are checked and monitored by well experienced quality assurance personnel in terms of product appearance, it's flavor and texture, sizes and weight under guideline of HACCP concept.

The plant is approved by the government of the people's republic of Bangladesh under it's license No.KLN-77 which is also approved by the EU authority. It is also registered in FDA and the number is 10239753748 having brand "ATLAS" which has earned a well reputation in world market. The company is also certified by BRC for Global Standard for Food Safety.

A well equipped microbiological laboratory is set to carry out microbiological test and analysis frequently. In addition, the qualified inspector of Fish Inspection & Quality Control under Department of Fisheries, Government of Bangladesh, conducts regular inspection of the plant and product as well.

THE MANAGEMENT

S.M. Azizul Alam
Chairman

MR. S.M. AZIZUL ALAM is the founder of the company. Before starting this business, he was engaged with shrimp supply both in Khulna and Chittagong region through his very renowned shrimp supplying agency which was the biggest in this sector. So, he keeps a vast knowledge in quality shrimp sources and has a wide connection in shrimp farming zone from where quality raw shrimp can be collected in a volume of quantity. Mr. Alam has set up a packaging industry in the year 1990 which is the Pioneer in sector here in our Khulna region.

S.M. Mizanur Rahman, CIP
Managing Director

MR. S.M. MIZANUR RAHMAN completed his MBA course in Australia and joined in this organization as one of the directors in the year 2003. The board of directors of the company has nominated him as Managing Director of the company in the year 2007. The day to day business is being operated by him. He has been holding the helm of the ship of our business throughout the voyage to keep all of our valued customers safe and satisfied. As he keeps a long and sharp vision and a strong mission with an excellent academic background, he becomes able to hold the image of the company up in the world market of seafood business. By his proper guidance, the company has now reached in the kitchen of our valued consumers throughout the world by supplying value added product which are Raw IQF, Cooked and Ready to Cook product in different form of processing.

ATLAS SEA FOOD LIMITED

COLLECTION OF RAW MATERIAL:

Seasonal agreement is concluded with shrimp/fish farmers and suppliers. Under the agreement, Raw shrimps/fishes are carried down to our factory at the harvesting time by our refrigerated van within shortest possible time using adequate ice and maintaining proper temperature. We use to procure environment friendly farm raised fresh raw shrimp or fishes. Proper documentations are preserved to trace back of a particular product to meet the requirement of our valued buyers. Periodical quality awareness meeting is conducted throughout the whole value chain of supply. Besides, shrimp farms and it's products are controlled by NRCP(National residue control plan) , FRCP(Factory residue control plan) and ARCP(Aquaculture residue control plan).

Shrimp Farm

Shrimp Farm

PROCESSING METHOD: We know that food was the prime need for the Mankind in the ancient time. But now a day, a safe food is the prime need for us. So, we never compromise with the quality and that is why we use to procure farm raised fresh raw materials which we then process and freeze as quickly as possible by using following machinery and equipment facilities.

1. **Compressor** : Cold chain is mandatory to keep shrimp and fishes safe. In this purpose, the main part of the machineries is compressor to get adequate cooling throughout the processing line. So, fully automatic and digital compressors have been installed to meet the requirement
2. **Freezer** : Perfect freezing is needed to keep the product safe throughout it's shelf life. So, we use to freeze our processed shrimp/fishes at -40°C temperature in latest model JACKSTONE contact Plate Freezer and as well as in DANTECH Spiral IQF Freezer. All through the procedure, products are handled and processed with utmost care and sincerity as per HACCP and other international food safety standard/Guideline.
3. **Flake Ice Maker** : Ice is also plays a vital role in shrimp and fish processing. So, to get sufficient ice in production line, a standard Flake Ice plant is set where treated and purified potable water is used for ice production.
4. **Water Treatment Plant** :Water is a main part of shrimp and fish processing plant. Keeping this theme in mind a modern technology of water purification is set in our factory. Treated water is then supplied throughout the factory through several U.V. and which is as per WHO specification potable water.
5. **Auto Water Chiller** : Time and temperature to be maintained in every step of processing. So, keep the adequate temperature of water, an auto water chiller is set in our factory for frequent delivery of chilled water.
6. **Shrimp Cooker** : On demand, we process cook shrimp in our steam cooker maintaining proper temperature of steam and proper speed of belt as well. .
7. **Metal Detector** : To keep our product safe in respect of any unwanted metal, two Metal Detectors are set one of which is in receiving are and another one is in final stage of packing.
8. **Power Generator** : Frequent electricity supply is essential to maintain non-stop production during full swing harvesting period. So, a modern power generator is installed to meet the requirement throughout the whole production line.

Product Specification

Name of Product : BLACK TIGER SHRIMPS
Scientific Name : *Penaeus monodon*
Main Season : March - October

	FORM OF PROCESSING	FREEZING STYLE	MAIN SIZES
	Headless Shellon	Block Frozen/IQF	6/8 through 61/70
	Headless Shellon Easypeel	Block Frozen/IQF	6/8 through 41/50
	PND / PDO / PUD	Block Frozen/IQF	6/8 through 61/70
	PND Tailon Butterfly	Block Frozen/IQF	6/8 through 31/40
	Headon Shellon (HOSO)	Semi IQF/IQF	2/4 through 41/50
	HOSO Body Peel/HOPPDO	Semi IQF	8/12 through 21/30
	PUD, PND, PDO skwer	Semi IQF/IQF	21/25 through 51/60

Packing: 6x4 Lb, 6x2 Kg, 6x1.8 Kg, 10x1 Kg, net weight net count, net weight frozen count with a % of Glazing or as per buyer's choice.
Some other sizes & cook product cant be provided on demand.

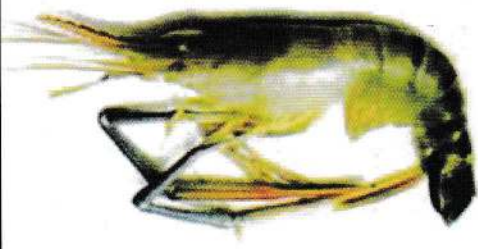

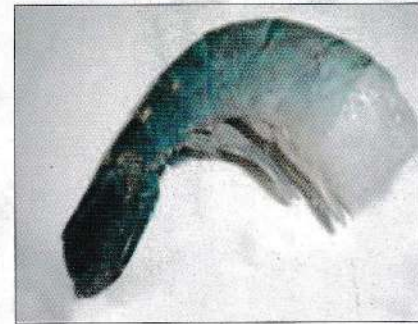

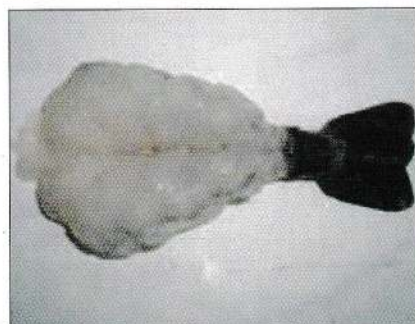

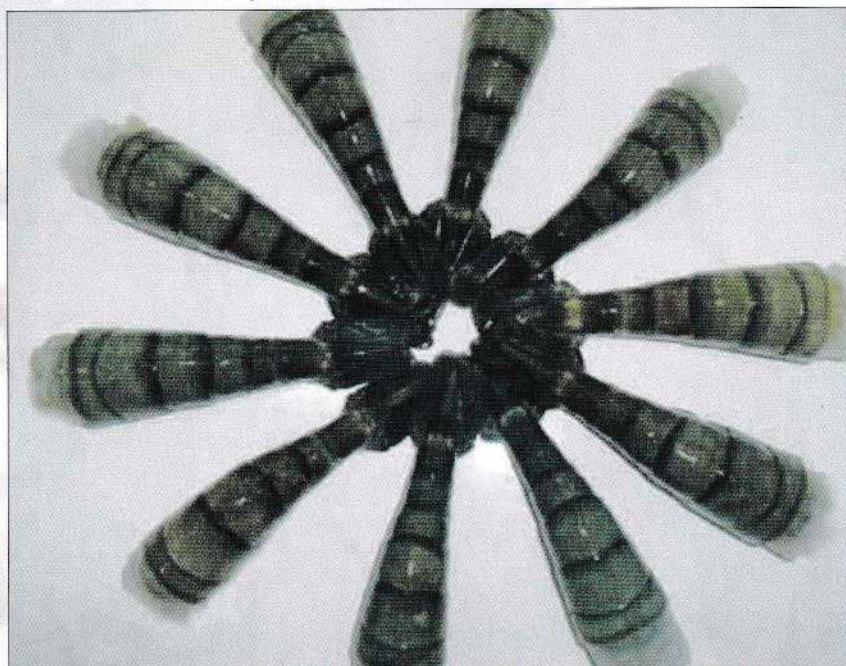

ATLAS SEA FOOD LIMITED

Brand Name "ATLAS"

An Atlas is very essential to move around the world. So, keeping this theme in mind, our management has selected the brand name "ATLAS" for our Product to go everywhere of the world. Our motto is to serve quality products to our valued customers throughout the world to earn loyalty and goodwill for our brand and for our country as well.

QUALITY CONTROL

A strong and dynamic Quality Control Team is working in this plant. No product can enter in the frozen storage until the product is checked by the Quality Control personnel. Each and every step of processing is controlled by the team. A well equipped Microbiological Laboratory is set and samples are drawn from different steps of processing line to conduct microbiological test. Personnel hygiene and sanitation is also controlled by the Quality Control department.

SHIPMENT

Shipment is done by liner vessel having refrigerated container. Consignment is transported to the port of loading by refrigerated vehicles maintaining adequate temperature. Necessary survey by SGS/Lloyd's Agent or Sub Agent is done in every step of shipment.

ATLAS SEA FOOD LIMITED

MEDICAL SUPPORT TO OUR STAFF AND WORKERS:

A qualified physician is appointed to check the fitness of staff and workers once in a week. Free medicines are also provided upon advice of the Physician. Sample of blood and other residues of human body are drawn periodically for pathological test to avoid any sorts of harmful disease. We believe that a product will be safe once the man, working behind of the product, is safe.

DAY CARE CENTRE FOR KIDS:

A Day Care is provided to take care of the kids of our workers during the job period of their mother. Books and Toys are provided there to pass their time through learning of primary books and also through amusement. We believe that a female worker can peacefully pay her attention to the quality of the product once she observe that her kid/kids are safe and happy during her job time. Our management is always caring about the children. So, our Hon'ble Managing Director is awarded for by District authority for special caring of the children in his industry and in the society as well.

LABOUR RULES/COMPLIANCE:

Labour Rules, as circulated by our government, are strictly complied. This factory is one of the labour rules compliant factory in Khulna. Periodical training on labour rules is conducted which is organized by respective government officials.

WELFARE ACTIVITIES:

The management of the company is well aware of the welfare of staff and workers. Different sorts of product like clothes, food etc are distributed amongst the Staff and workers of the company in religious and social occasion. Yearly picnic, indoor and outdoor games are also organized for staff and workers.
